

TT-UK at PLANTWORX 2013 – Improving Productivity and Reducing Costs

The demand to improve and increase productivity whilst lowering the cost base of installing new, or replacing, pipes and cables has never been more in focus, particularly within all regulated utility sectors and transport.

Innovation is a good start but what is necessary to achieve the required goal is an assured combination of Innovation with practical application and proven experience.

At the forthcoming exhibition, TT-UK will be introducing a number of new products designed to provide innovative solutions, including keyhole pipe replacement and new installations. You will find TT-UK on stand number G20 at the PLANTWORX 2013 Exhibition, Stoneleigh Park, Warwickshire, CV8 2LZ, (for SAT NAV use CV8 2LL) from 14th to 16th May 2013. Opening times are Tuesday/Wednesday 9am to 6pm and Thursday 9am to 4pm.
